ΦΕΛΟΓΟΡΑ

A pixelated, black and white graphic. On the left, a hand is shown holding a pen, with the pen tip pointing towards the right. Below the hand, the word 'DRAW' is written in a large, bold, blocky font. The entire image has a low-resolution, pixelated appearance.

WAVE

$$a_{lm} \equiv \int d\gamma Y_{lm}^*(\gamma) f(\gamma);$$

OPEN AIR

$$\hat{a}_{\ell m} = \frac{4\pi}{N_{\text{pix}}} \sum_{p=0}^{N_{\text{pix}}-1} Y_{\ell m}^*(\gamma_p) f(\gamma_p),$$

$$C_\ell = \frac{1}{2\ell + 1} \sum_m |a_{\ell m}|^2.$$

Q21 GRAD = 1

Q21 GRAD = 1

U = 1200

A pixelated, black and white graphic of the mathematical expression "1 + 1 = 2". The characters are rendered in a simple, blocky font. The equals sign is composed of two horizontal bars. The entire image has a low-resolution, dithered appearance.

Q192

$$e_1 = \cos \psi \quad e_1 + e_1 \psi$$

$\psi = \psi_{\text{sid}} + \psi_{\text{cor}} + \psi_{\text{e}}$

$\psi_{\text{cos}} + \psi_{\text{sid}} + \psi_{\text{v}}$

$\frac{1}{2} \ln 2, \ln 2$ $\frac{1}{2} \ln 2, \ln 2$

The word "Wormhole" is rendered in a pixelated, monochrome font. The letters are composed of black and grey pixels, giving it a digital or retro aesthetic. The 'W' is particularly stylized with a wide, flat top. The 'o' is a simple circle. The 'r' has a small tail. The 'm' and 'h' are blocky. The 'l' is a simple vertical line. The 'e' is a simple oval. The 'x' is formed by two intersecting lines. The 'i' has a small dot. The 's' is a simple curve.

$$= - \sum_l \frac{2l+1}{4\pi} C_{cl} F_{1,l0}(\beta)$$

A pixelated, black and white graphic of the text "I WANNA". The letters are thick and blocky, with a jagged, pixelated outline. The 'I' is a simple vertical bar with a horizontal top and bottom. The 'W' is formed by two 'V' shapes. The 'A' is a simple triangle with a horizontal base. The overall style is reminiscent of early digital art or video game graphics.

QWERTY

A pixelated, black and white graphic of the text "P.O. → 1". The characters are rendered in a thick, blocky, sans-serif style with a high level of contrast and a dithered or pixelated texture. The "P" and "O" are large and prominent, followed by a period and another "O". A right-pointing arrow is positioned between the second "O" and the number "1". The entire graphic is set against a plain white background.

$$P^2(\cos\theta) \rightarrow \sin^2\theta \frac{(\ell+2)!}{8(\ell-2)!}$$

$$= \sum_{\ell} \frac{2\ell + 1}{4\pi} C_{T\ell}$$
